

# Westport South School Annual Implementation Plan - 2026

References to Regulations in this document refer to the [Education \(School Planning and Reporting\) Regulations 2023](#).

## Summary of the plan...

At Westport South School, we are aiming to achieve the Government priorities through our Strategic Plan. In 2026, our Annual Implementation Plan shows us taking the following actions, based on the specific Government Priorities:

**Clearer curriculum:** Implementation of our school wide local curriculum and the new English and Mathematics curriculum.

**Better approach to literacy and numeracy:** Engage in PLD in evidence-based teaching practices for both Structured Literacy and Mathematics.

**Smarter assessment and reporting:** Investigate consistent methods of reporting through our student management system.

**Improved teacher training:** Engagement in effective professional growth cycles that respond to the Government Priorities.

**Stronger learning support:** Use evidence based interventions for at risk students; Employ teaching staff (structured literacy intervention) and teaching assistants to support students during lessons.

**Greater use of data:** Implement frequent diagnostic assessments to identify student strengths and gaps in literacy and mathematics; Develop tailored plans for students requiring additional support.

**Attendance Action Plan:** Creation of our school's Attendance Management Plan that includes initiatives to support regular student attendance.

## Where we are at currently:

In 2024 we consulted our school community to gain an understanding of strengths and areas of development for our school. From here we constructed our 2025-2027 Strategic Plan. It was clear that our community were keen to see three things:

- Enabling every student to achieve success.
- Development of our physical spaces.
- Continue to improve and embed our school HEART values.

These three areas make up the foundation of our Strategic Plan:

Our Learning; Our Place; Our Way.

In 2025 we also consulted our school community, and this has led to some minor changes in our Strategic Plan. These changes will be enabled through this Annual Implementation Plan.

[Regulation 9\(1\)\(e\)](#)

## General description of how the kaupapa of your kura reflects Te Tiriti o Waitangi:

Te Tiriti o Waitangi sits at the foundation of Westport South School strategic planning and the aim of this is to allow all ākonga to achieve their potential at our kura. Westport South School recognises the unique position of Māori culture, and that 16% of our student population identify themselves as Māori.

Westport South takes all reasonable steps to provide instruction in Tikanga Māori (Māori culture) and Te Reo Māori (Māori language).

Our targets and actions celebrate the language, culture and heritage of our students and mana whenua of Te Tai Poutini. We have developed a positive and professional working relationship with Te Runanga o Kati Waewae (mana whenua) and this will continue to develop. We are working alongside Te Runanga o Kati Waewae to develop our Te Reo Māori skills and develop our school narrative.

At Westport South School we put an emphasis on educationally powerful connections. This allows for whānau, ākonga and hapū to have valued input into the design of our programmes. The Board of Trustees is enabling consultation with Māori whānau to continue in 2026.

Our strong PB4L programme sits behind our HEART whakataukī, 'whāia te ara whatumanawa.' Our school community places emphasis on our HEART values, and we aim to teach and live these daily.

At Westport South School, we are committed to working closely with local iwi and whānau to give effect to Te Tiriti o Waitangi across all school strategic goals, governance and operational decisions.

[Regulation 9\(2\)](#)

## Information on teaching and learning strategies:

At Westport South School, we are designing and implementing, through specific professional learning and development, structured approaches to literacy and mathematics, and a local curriculum that responds to the aspirations of our community and integrates our special environs.

[Regulation 9\(1\)\(f\)](#)

# Westport South School Annual Implementation Plan - 2026

<b>Strategic Goal:</b> <b>Goal 1: Our Learning - Enhance Academic Achievement and Learning Engagement</b> <i>Westport South School is committed to empowering every student to strive for their own academic success, engage with their learning, and develop the skills needed for lifelong growth.</i> <i>Regulation 9(1)(a)</i>																								
<b>Annual Target/Goal:</b> <b>Strengthen Core Curriculum Delivery:</b> <i>Focus on improving literacy and mathematics outcomes by implementing evidence based teaching strategies and providing targeted support for students requiring additional assistance.</i> <i>Regulation 9(1)(a)</i>
